

UNI-GR/90 and UNI-GR/130 ADJUSTABLE GROUND/ROOF MOUNT

Mount 2 or 3 Modules in Landscape Orientation

Picture above shows two UNI-GR mounts with the optional Ground Mount Intertie Kit installed.

- Module widths less than 43-inches
- Single tool installation
- Telescoping back legs
- Accommodates any modules with rear mounting holes on frames
- Suitable for smaller modules - total width of modules and 1/2-inch spaces must be less than rail length
- No need to source additional pipe, everything above the footing bolts is included
- Tilt up from horizontal from 20 to 60 degrees

Part Number	Description	Weight (lbs)	Dimension (inches)
UNI-GR/90	Roof/Ground 2 Module Mount with 90-inch Rails	28	45x5x3
UNI-GR/130	Roof/Ground 3 Module Mount with 130-inch Rails	30	65x5x3
51-0520-005	Ground Mount Intertie Kit Adjusts from 19.25 to 34 inches	3	19x4x2

Multiple mount can be joined together with a intertie kit to increase stability.
